

TRAVEL SUBSIDY INFORMATION

In keeping with our Party's commitment to diversity, equity, and inclusion, we are pleased to offer a Travel Subsidy Program to support delegates who identify as part of an equity-seeking group in attending the Convention.

The Travel Subsidy is intended to help offset a portion of travel costs for eligible delegates. If you identify as a member of an equity-seeking group and would benefit from financial support, please submit the [application form](#) by **Friday, February 27, 2026**.

Please note that the exact amount each delegate receives will depend on the total number of applicants. The full fund will be distributed across all eligible applications, with consideration given to both the number of applicants and the distance each delegate will travel to attend the Convention.

Eligible applicants may receive up to the following amounts, depending on their region and final demand on the fund:

- **Manitoba: \$150**
- **Atlantic Canada: \$400**
- **Alberta and Saskatchewan: \$200**
- **British Columbia: \$300**
- **Ontario: \$250**
- **Quebec: \$300**
- **Yukon, Northwest Territories or Nunavut: \$500**

Following the February 27, 2026, deadline, all applicants will be notified of their subsidy amount. Please note that subsidies will be issued after the Convention, once delegates have submitted their travel receipts as the final step for approval. Eligible applicants will receive detailed instructions directly, including how and where to submit their receipts and forms.

For any questions regarding eligibility or for any further information, please contact convention@ndp.ca.
